Nishanth VM

Full-Stack Web Developer (MERN / Next.js / PERN Stack)

nishanthvm94@gmail.com 6282697698 680511 15/04/1994 Indian LinkedIn GitHub Portfolio Website

PROFILE

Passionate **Full-Stack Web Developer** skilled in **MERN and PERN stacks**, specializing in building **scalable, user-centric web applications** using **React, Next.js, Node.js, Express, PostgreSQL, and MongoDB**. Experienced in **AI integration, authentication (Clerk, Firebase)**, and **payment systems (Stripe)**. Strong problem-solver with proven ability to deliver responsive and high-performance web solutions aligned with business goals.

SKILLS

Languages:
JavaScript, Python

Frontend:
React.js, Next.js, TypeScript, Tailwind CSS, ShadCN UI, Material UI, Bootstrap, HTML5, CSS3

Backend:
Node.js, Express.js, REST APIs, Inngest, Clerk, Stripe, OpenAI API, Gemini API

Databases:
MongoDB, PostgreSQL, Prisma ORM, Firebase, Neon

Tools & DevOps:
Git, GitHub, Postman, Vercel, Render, VS Code

Soft Skills:
Communication, Leadership, Time Management

PROJECTS

Myself and My Moves (2025 – 2026) 12/2025 – 03/2026
for TedWiz LLP
Behance
Tech Stack: Next.js, Material UI, Firebase, Node.js

- Engineered and deployed dynamic UI components for an educational institution's administrative dashboard using NextJS, MaterialUI.
- Key responsibilities included designing and implementing the following features to enhance user experience and functionality.
- Student Management: Created UIs for student listing, adding, and updating student information.
- Attendance Tracking: Developed interfaces to mark student attendance records.
- Event Management: Created event listing and event creation pages.
- Payment History: Created student fee payment history pages and event payment histories.
- **Optimized UX/UI for accessibility and responsiveness** and smooth functionality, contributing to the platform's improved usability and administrative efficiency.
- Collaborated cross-functionally with designers and backend teams to deliver scalable features to ensure UI alignment with business objectives and enhanced overall performance.

GoCart E-commerce Platform (2025)
Multi vendor e-commerce platform
Tech Stack: Next.js, TypeScript, PostgreSQL (Neon), Prisma, Clerk, Stripe, ImageKit, Inngest, Vercel

- **Engineered** a full-stack web application using **Next.js (App Router)** and **TypeScript**, ensuring a scalable and high-performance architecture.

- **Integrated Clerk authentication** for secure user sign-up, login, and session management with **role-based access control** for Admin, Vendor, and Customer roles.
- **Implemented multi-vendor functionality** allowing users to create and manage stores, with an **admin approval system** for new vendors.
- **Built dynamic admin dashboard** for managing stores, discount coupons, premium subscriptions, and platform analytics.
- **Configured PostgreSQL (Neon)** with **Prisma ORM** for efficient data modeling, schema migrations, and transactional integrity.
- **Integrated Stripe payment gateway** for secure checkout, recurring billing, and **subscription management** for premium vendors.
- **Implemented background job scheduling** using **Inngest** for asynchronous tasks like notifications and periodic maintenance.
- **Integrated ImageKit** for cloud-based image storage, optimization, and CDN delivery to improve performance and reliability.
- **Developed responsive UI** with **Tailwind CSS** and **ShadCN/UI**, focusing on accessibility, speed, and consistency across devices.
- **Deployed application on Vercel**, leveraging automated CI/CD pipelines, environment variable management, and production optimizations.
- **Optimized site performance** with caching, lazy loading, database indexing, and Next.js static optimization strategies.

QuickAI SaaS Platform (2025)
AI Tools
Tech Stack: PERN Stack (PostgreSQL, Express, React, Node.js), Clerk, Stripe, OpenAI API, Render

- **Built a full-stack AI SaaS platform** using the **PERN (PostgreSQL, Express, React, Node.js)** architecture for scalable and maintainable development.
- **Implemented user authentication** and profile management using **Clerk**, enabling secure login, signup, and session handling.
- **Integrated subscription billing** with **Stripe**, providing premium access to AI-powered tools via recurring payments.
- **Configured PostgreSQL (Neon)** as a **serverless database**, ensuring reliability and performance with Prisma ORM.
- **Developed RESTful APIs** with **Express.js and Node.js** to handle AI requests, subscription validation, and user data securely.
- **Created responsive UI** using **React** with modern state management and clean component structure.
- **Deployed the application** on **Vercel / Render** with environment-specific configurations and CI/CD pipelines.

PROFESSIONAL EXPERIENCE

Electrical Specialist 12/2016 – 10/2019
Dhrishyam Eye Care Hospital Chavakkad

Manager 01/2020 – 07/2025
Black Owl Men's Wear Thrissur

MERN Stack Web Developer 08/2025 – 11/2025
Neuraq Technologies Malappuram

Web Developer 12/2025 – 03/2026
Ted Wiz LLP Thrissur

EDUCATION

B.E/EEE 2011 – 2015
Anna University
SNCET College

LANGUAGES

English

Malayalam

Tamil
